

Greetings To You All Dear Boscoites,

We're delighted to let you know that we are going to publish an E-magazine and monthly newsletters. This magazine is expected to be a wonderful mille-feuille comprising the flavour of each human of Don Bosco Academy in the form of the various articles, poetry, videos, stories and paintings that will be published.

We hope it will inspire the students to do something other than curriculum and help them excel in extra-curricular activities beyond the classroom . The young poets, writers and artists are requested to make good use of this opportunity to showcase their talents in their field by contributing towards the making of this magazine.

Warm regards,

The Editorial Board

INVITES YOU TO
"AIKYA"**

OUR CO ORDINATORS

Mr. Alan Cowell
English Teacher

He has been teaching English to the senior classes for almost three decades and over the years has, along with other teachers, been instrumental in bringing out the various editions of our school magazine which have been read and well appreciated. We are glad to have him with us as we progress from the traditional magazines of our school, printed on paper, to our new initiative, the e-magazine. All of us look forward to amplifying our talents under his able guidance.

Dr. Karuna Kamal
Hindi Teacher

Everyone is aware of her love for the Hindi language. We are abundantly blessed to have her as our guide through this process of curating our upcoming projects. We hope to hone our talents in an elegant design under her guidance.

OUR MENTORS

Mrs. Shalini Sharan

A motivator, a facilitator and a cultivator of talent-making her students ready for the modern world is something she believes is a quintessential element of teaching.

She is more of an active coach mixing a blend of love, discipline and strict morales to drive passion driven learning.

Ms. Nishu Sinha

She grew up in Patna and graduated with a Bachelor of Arts in Literature in English and Masters in English. While still pursuing her education, she discovered that she has a true passion for working with our teen learners! Helping each child progress in all areas of their development - academic, social and language - is a challenge that she is honoured to accept daily.

Ms Sinha strives to create a community of learners that nurtures their growth in a positive manner and create an ambience where students can learn and smile at the same time, to provide a sound foundation for a lifetime.

Ms. Mary Jutshi Cooper

She dreamt of becoming a teacher, aka a reformer since she was a kid. She believes that every child is gifted and it's we teachers who enable them to unleash their hidden superpower and help them become their best versions of themselves.

Ms. Tanya Sahu

She says, "As an English teacher, I'm elated to lend our readers a beautifully worded canvas, painted by our young prodigies. Looking forward to your experiencing the same delight I've had while conceptualising the e-magazine with other revered colleagues."
